## EXPERIENCE

### **Designer**

Ologie // May 2010–August 2010 / June 2011–present

Conceptualized and executed print, web, and interactive projects start to finish as well as assisted with numerous projects over several markets (retail, higher-education, non-profit, financial services, etc). Worked directly with Creative Directors and other designers to brainstorm, design and strategize. Created mock-ups and project overview decks and met with clients. Assisted with minor production needs before sending to press.

### **Designer**

Glyphix // August 2010–May 2011

Worked directly with clients, printers and design teams on numerous print and web projects.

### **Digital Communications Intern**

Eaton Corporation // May 2009–March 2010

Worked directly with Corporate Communications, Global Communications and Electrical departments, providing design for web, print and other media communications internally and externally. Notable projects include: short term identity for United Way 2009 campaign, large format banners for an office branch opening in Russia, and miscellaneous posters and ad designs.

### **Telecommunications Intern**

Cleveland Clinic Health Systems // June 2008–August 2008

Provided back-up to the ITD Telecommunications department, assisting with miscellaneous projects and database entry to increase productivity and workflow.

### **Visual Media Designer / Intern**

Things Remembered // March 2006–March 2007 / June 2005–December 2005

Assisted in the launch of Things Remembered's business micro site, [giftsthatwork.com](http://giftsthatwork.com); developed creative materials and graphics. Worked closely with the Sr. Designer in developing promotional graphics for [thingsremembered.com](http://thingsremembered.com). Worked hands on with the development of high profile marketing graphics for newsletters and banner advertisements for affiliates.
